At the time of the sale:

1. The dealer completes and signs the TI-002T to indicate that the Infrastructure Maintenance Fee was included in the transaction for the sale of the vehicle.
2. The purchaser signs the TI-002T to concur that Infrastructure Maintenance Fee was included in the transaction for the sale of the vehicle.
3. The dealer shall provide a copy of the TI-002T to the purchaser.
4. **Within 45 days of the date of sale**, the dealer shall submit the infrastructure maintenance fee due as indicated on the TI-002T and a copy of the TI-002T to the Department of Motor Vehicles to the address indicated below:

For sales to customers who will be titling and registering their vehicle in another jurisdiction:

Dealers should follow the same collection procedures for non-resident sales used prior to July 1, 2017. If no sales taxes are collected from the non-resident customer, no report is submitted to SCDMV. Follow procedures outlined by SCDOR for non-resident customer sales, including completion of the ST-385. Note that no tax is due if a nonresident will not receive credit in his state of residence for sales tax paid to this state.

If sales taxes are collected from the non-resident customer, the following procedures should be followed.

1. The dealer completes and signs the TI-002T to indicate that the Infrastructure Maintenance Fee was not due because the vehicle will be titled and registered in another jurisdiction, and that a SCDOR Form ST-385 was completed by the purchaser.
2. The purchaser signs the TI-002T in concurrence with #1 above.
3. The dealer shall provide a copy of the TI-002T to the purchaser.
4. **Within 45 days of the date of sale**, the dealer shall submit the Form TI-002T and sales taxes collected on the non-resident sale to the Department of Motor Vehicles to the address indicated below:
