**Request paper title:**

Message Data Blocks and Required Data Elements
A message sent by the lienholder requesting DMV to print a title document (LG) for a vehicle in
which they have an interest. If an error is detected, the 99/2 Edit/Error description block is added
to the LG message and the message is returned to the lienholder.

Response to Request paper Title

If there is an error, the complete LG message (above) with an error segment added will be returned. There will be no response (CA) reply.

If the Request Paper Title is successful, the reply will be the Reply (RO or CA) Message below:
